Selectmen's Report

In submitting our annual report we would call the attention of the town to the maintenance of the State Aid and Third Class Road which in the past has been under the care of the State; the town's portion of the expense being paid from the amount raised for roads.

While the State Aid road will be maintained as in the past we have been informed by the Superintendent of Maintenance that in the future the towns must bear the whole expense of maintaining Third Class roads in a satisfactory manner, otherwise the Highway Commission may expend 25 per cent of the intended fund in maintenance and the balance, 25 per cent will be withheld. We would therefore recommend that the sum of \$350.00 be raised for that purpose the coming year.

We would also state that the care of the drainage system that was put in on the village hill the past year is up to the town. We mention this to prevent any delay in the future whereby attention at the proper time would prevent damage to the drainage system or to the road in which it is laid.

Estimates for 1927

Including overdrafts of 1926

Roads and Bridges	\$4500 00
Cement Walk	300 00

School Department

SCHOOL OFFICIALS

Members of School Committee

Willis R. Vinal, Chairman, term expires in March, 1927.

Mrs. Helen L. M. Wentworth, term expires in March 1928.

Willis A. Moody, term expires in March 1929.

Frank D. Rowe, Secretary and Superintendent of Schools.

Regular meetings of the committee are held on the Thursday preceeding the last Saturday of each month. School bills should be in the hands of the superintendent by Thursday if a check is desired the last Saturday of the month.

Truant Officer

William H. Robinson

Calendar for Grade and Rural Schools

Spring term begins March 21st and closes June 10th 1927.

Fall term begins September 6th and closes December 16th, 1927.

Winter term begins January 2nd and closes February 17th, 1928.

The High School calendar will be the same as above except that the winter term will close March 2nd, 1928.

School Holidays

Patriot's Day, April nineteenth; Memorial Day, May 30th; Armistice Day, November 11th; Thanksgiving Day and the Friday following.

Report of Superintendent of Schools

To the Superintending School Committee and Citizens of Warren:—

I have the honor of presenting for your consideration my tenth report of the schools of Warren.

It gives me pleasure to report that the schools have completed another successful year and are above their usual standard. This is largely due to that unusual interest and the finest of co-operation, of citizens, parents, members of the school committee, teachers, and pupils, that has been shown on every hand thruout the year in all school work and in all school activities.

The Teachers

There have been few changes in our teaching force the past year in the grade and rural schools. Mrs. Smith, who has taught the past two years at Hinckley Corner with unusual success, resigned in June, and Miss Jameson, a graduate of Miss Niel's Kindergarden and Primary School of Boston, was secured as her successor, and has done excellent work. In the other grade schools we have been fortunate indeed to have for another year the highly efficient services of Mrs. Newbert, Mrs. Mathews, and Mrs. Davis, whose work is known and appreciated.

In the rural schools Mrs. Kallock, who has taught so efficiently at Pleasantville the past two years, resigned in June, and Parker Spear, who last year taught at Mt. Pleasant with success was secured for this school. At Oyster River and Libby there was no change, both Miss Castner and Miss Wyllie returned to the same schools for another year, where both have given such universal satisfaction.

Two Schools Closed

The past year there were at the Highland school but nine pupils and an average attendance of less than eight. This fall there were but seven pupils to attend this school and for that reason the school was closed. These pupils have been transported to the village schools by Clifford Overlock.

The average attendance at the Mt. Pleasant School last year was but five and this fall there were but four pupils to attend this school, which was clos-

ed and the pupils have been boarded near some school which they could attend.

As there was this fall but one pupil, Shirley Payson, from Vaughan Neck to attend the grade schools, she has been also boarded five days a week near the village schools. It has thus been possible to discontinue the transportation from this road.

The cost of boarding each of these children has been \$3.50 a week.

Transportation Changes

As last year Mr. Teague has transported the pupils from South Warren and Anderson and Sterling. He has also since the beginning of the fall term transported the pupils living on the road leading by George Wyllie's. Mr. Moody has since the beginning of the fall term transported only the pupils from the Middle Road and Douglass Starrett. Mrs. Benjamin Harding has transported her daughter Ethel since September.

Repairs

The Libby, Pleasantville, and Oyster River buildings, have each been given two coats of paint on the outside. The cost of this labor was \$118.33, and the cost of the paint was \$120.62. At both the Oyster River and Malcolm Corner buildings one side of the roof was shingled. A new floor was laid at the Libby building. The stove at the Oyster River building was jacketed and the main room was papered. The grounds at Malcolm Corner, Hinckley Cor-

ner, and High School, have been well filled in with gravel.

All buildings now in use have been painted on the outside within the last few years. The needed repairs are now, largely, inside work, painting and papering.

I wish citizens to know how much the services of Mr. Teague should be appreciated, not only, in his interest and care as janitor at the High School building, but also, his care and interest in the minor repairs that have to be attended to during the school year.

Teachers' Meetings

Teachers' meetings were held as usual before the opening of schools. A joint-meeting with the teachers of Union was held at Union October 15th, and Miss M. Pansy Smith, representing Ginn and Company gave a most helpful and instructive talk on "Reading in the Grades." No meetings were held in November as all teachers attended the State Convention held at Bangor October 28th and 29th, and the Knox County Convention, held at Rockland November 18th. The following excellent books on teaching have been placed on each teacher's desk; "One Hundred Ways of Teaching Silent Reading" published by World Book Company, and "The Teaching of the Fundamental Subjects" published by Houghton Mifflin Company. These books have been discussed with the grade teachers. Also, parts of "Proceedures in High-School Teaching" published

by The Macmillan Company, and "The Foundations of Method" published by the same company, have been discussed with the high school teachers.

School Exhibit and Musical Revue

November 17th an Exhibit of the work of the grade and rural schools was held at Glover Hall. The exhibit was planned in connection with Education Week activities, in order that busy parents and friends might have an opportunity to see the work that our pupils are doing. Each of the schools was given space along the walls of the hall; and when the numberless papers and various booklets, Warren Maine, travel, class, and school, were in place, it all presented a most attractive appearance. Teachers and pupils worked untiringly preparing their work and the result surpassed every expectation.

The fine Musical Revue which was held under the direction of Mrs. Vinal, in connection with the exhibit, is further mentioned below.

Music

The unusual progress and interest of the pupils and the hearty response and support of parents in Mrs. Vinal's work has been most gratifying. All who enjoyed the operetta, "The National Flower," which was given during the spring term were surprised indeed to see the costumes which had been Mrs. Vinal's care. The Musical Revue which was given in connection with the School Exhibit was especially enjoyed and appreciated by a crowded

house. The ability of the pupils as shown in several numbers of this program was surprising, and showed the unusual progress that had been made under Mrs. Vinal's instruction. Thru these entertainments and the weekly whist parties, which Mrs. Vinal started and has made so popular, \$72.80 has been added to the Building Fund. We are indeed fortunate to have in town a music director of Mrs. Vinal's unusual ability, and one who is so interested in the girls and boys and in the community.

High School

The excellent work of Mr. Ayer and Miss Fifield has been most ably continued by Principal Froberger and Miss Norwood. Principal Froberger graduated from University of Maine in 1921, was overseas during the World War and was an acknowledged leader of sports after the signing of the Armistice. Miss Norwood is a two year student at the University of Maine, was valedictorian of her class at Union High School. The work of these teachers has been excellent. Never, I believe, has the discipline of the school been better. Their fine spirit of co-operation has made the work of the superintendent a pleasure.

Lights at the High School Building

Thru the generosity of Mr. R. J. Andrews electric lights have been installed at the High School Building, and they are certainly enjoyed and appreciated by Mr. Teague in his duties, and by teachers

and pupils on dark days. They are also appreciated by the teachers when work has to be done after school as sometimes happens.

Unusual Response to the W. H. S. Building Fund

The following letter was sent to all Citizens and to all who had attended the Warren Academy or the High School, so far as their addresses could be learned.

September 1st, 1926

My dear fellow-citizen or alumnus:

We know that you are interested in the High School Building Fund and that you would wish to know that a member of the Building Committee recently wrote to a former Warren boy, now a prosperous business man in New York City, soliciting an addition to the Fund. A prompt reply was received, stating that he should be traveling until October first when he should return to New York, and that if he could be sent at that time the names of Citizens and Alumni, who had given to the Fund, and the amounts that he would then decide what he would do by way of assistance.

He has been informed that \$2000.00 has already been raised for the fund by the town and that \$500.00 has been given by a citizen, \$25.00 by the class of 1925 and \$20.00 by the class of 1926.

It is hoped that we can be able to send the name of every Citizen and every Alumnus as givers of some amount as a manifestation of their interest in the Fund. We would especially appreciate an

early reply with a pledge, check, or a dollar bill, that your name may be on the list sent.

Yours for the success of the Warren High School Building Fund,

(Signed)

Willis A. Moody

Frank D. Rowe

Dollars

to be added to Warren High School Building Fund

Signed

Address

Checks should be made payable to N. B. Eastman,

Treas.

The response to the letter on the part of Citizens was surprising and gratifying, indeed, not in the unusual number of large gifts but in the unusually large number of gifts, which was but one more manifestation of that fine school spirit which Citizens have so unfailingly shown in all school activities. The long list of donors that follows graphically tells the story. The total amount added to the fund

in cash as a result of the letter to date is \$1,016.80. Mr. and Mrs. R. J. Andrews pledge \$1000.00 to be given when the building is started; other pledges amount to \$148.00, most of which will probably be paid before this report is read.

As a result of this letter the following contributions were added to the Warren High School Building Fund:

George W. Walker	\$50.00
Mr. and Mrs. Ralph Wyllie	2.00
Mr. and Mrs. Ernest Achorn	2.00

Building Fund or Bond Issue

Few Citizens may realize the difference in cost to the town whether the present Building Fund is continued or as some Citizens have said, "When we get ready to erect a High School Building, let us issue bonds to pay for it." The years are passing rapidly, and altho all have realized fully the need of a building, each year has brought its problems and the matter of High School Building has been left for one more year.

Should the town raise \$2000.00 a year for ten years, they would have at the close of the tenth year

\$25,898.48; \$5,898.48 of which would be interest. What would it cost to raise \$25,000.00 by issuing bonds at 4 per cent interest? If three bonds of \$1000.00 each should be retired at the close of the first year, and the interest paid on the remaining twenty-two bonds of \$1000.00 each, and if each year after this two bonds of \$1000.00 each were paid and the interest paid on all remaining unpaid bonds, this would cost the town \$31,280.00. What is the difference in cost to the town? \$12,178.00. Can the town afford not to continue the Building Fund?

If \$2000.00 should be raised that would increase our tax rate approximately two and one half mills on a dollar, based on the valuation in the 1926 Town Report.

John's Education

We sometimes hear a parent say, "No John is not getting along very well this year. His teacher Miss A can't teach him as did Miss B". Sometimes fond parents fail to see that some of the difficulty may be with John. It has been well said, that the best part of a man's education is the part that he gets himself. Is it not true that John must do much himself? His teacher can help, guide and direct him in his efforts, but it is what he does that really counts. Busy parents cannot frequently visit schools, but no parent is too busy to carefully examine a report card monthly, and when the marks are not what they think their child should receive, have that child feel that it is his care to bring a better report next month.

Any child can beat his own best record. All teachers enjoy giving good marks on cards, for nothing is more encouraging to teacher, parents, or pupils, than a good report card to go home.

I want to add my bit of praise, deserved praise to the teachers we have had in our schools the past year for their faithful efforts and unusual interest in our girls and boys.

Conclusion

Another year I have been privileged to be associated with the Citizens, Selectmen, Members of the School Committee, Teachers, and Girls and Boys of Warren, as Superintendent of Schools; and once more I wish to express my appreciation of the continued fine school spirit that has been shown on every hand. I wish to thank the Selectmen for their courtesy and for their prompt attention to the numerous school demands. I wish especially to express to the Members of the School Committee my appreciation of their interest in schools and for their assistance in solving the unusual number of problems that have come up the past year. The teachers and girls and boys I wish to thank for their finest of cooperation which has been a source of encouragement throughout the year.

Respectfully submitted,

FRANK D. ROWE

Superintendent of Schools

REPORT OF THE HIGH SCHOOL PRINCIPAL

To the Superintendent, School Board, and Citizens of the town of Warren:—

As Principal of Warren High School during the present school year, it is my privilege to submit the following report:

Registration

Warren High opened on the seventh of September, with an enrollment of fifty-one pupils, nineteen boys and thirty-two girls. We were glad to welcome two new students, who transferred from other high schools, Miss Lora Fields from Revere High, Revere, Massachusetts, and Miss Evelyn Grotton from Crosby High, Belfast, Maine.

Attendance

During the fall term, five pupils left school; the families of two of whom moved from town. The average attendance of 46.4 for the term indicates the earnestness in their work of those attending the school. Hilliard Spear and Clarence Waltz were not absent or tardy during the entire term. Absences have slightly increased this term due to the weather conditions and illness.

Scholarship

The average grade of work has been very good. In my opinion, it maintains the high scholastic standard of the school. In no small measure, is this due

to a true appreciation of their present opportunities on the part of the students themselves.

Music

Remarkable progress has been made in the study of music under the capable instruction and leadership of Mrs. Vinal.

Activities

About three weeks was devoted to base ball this fall. During that period, Warren High lost too and won from Appleton High School. The short period served to show the possibilities of baseball at Warren High in the spring. A schedule is now being drafted. It is hoped that the school will take an active interest in this branch of athletics. Due to ineligibility, lack of material, and suitable playing quarters the school is not represented by a basket-ball team this Winter. The chief draw-back to basket-ball is the lack of suitable playing quarters. Realizing the value of this sport from a physical and recreational standpoint, let us hope that this condition may be overcome in the near future.

The Seniors held a class Fair during the fall. The generous cooperation of the townspeople made this an unqualified success. On February the 11th, the Seniors will stage their annual play. The cast is now busily at work, under the direction of Miss Norwood.

At the close of the fall term an enjoyable Christ-

mas Party was held. Because of the benefits derived therefrom, several such parties are planned for the remaining months of the school year.

General

The new electric lights, installed through the generosity of Mr. R. J. Andrews, have aided materially in carrying on the year's work. One has only to consider the benefits derived from extra work after school hours, in order to appreciate the real value of this gift to the school.

By her capable instruction, and by her loyal cooperation in all school matters, Miss Christine Norwood has rendered valuable services as assistant.

From personal observation it is quite evident that the need of a new building, is realized by all citizens of the community. The day when that new building is completed will be the dawn of a new era of higher standards in all activities at Warren High School. May that day be close at hand.

In conclusion, I wish to express my sincere appreciation to the Superintendent, School Committee, Parents and Pupils for their kindness and cooperation during the present school year.

Respectfully submitted,

Geo. A. J. Froberger,

Principal.

Miss Christine Norwood, Asst.		27.77			

214 pupils in all schools fall term, 12 less than last year, and 19 less than two years ago.

192 average attendance this fall, 15 less than last year, and 30 less than two years ago.

492 instances of tardiness this year, 158 less than last year, and 628 less than two years ago. What a marked improvement and let us hope for a still better record, for tardiness is an unnecessary waste and should be entirely eliminated. Note the records of tardiness in each of the schools.

The attendance at all schools has been unusually good the past year. The percentage of attendance based on the average attendance is as follows: Intermediate 90.2, High 90.1, Pleasantville 90, Oyster River 89.8, Grammar 89, Malcolm Corner 88.8, Hinkley Corner 87.6, Libby 87.2. Libby school last year had the highest record in this respect.

Town Warrant

STATE OF MAINE

Knox SS

To C. L. French a Constable of the town of Warren in the County of Knox—Greeting.

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of Warren qualified by law to vote in town affairs, to assemble at the town house in said town on Monday the seventh day of March, A. D., 1927 at ten o'clock in the forenoon to act on the following articles to wit:—

Article 1—To choose a Moderator to preside at said meeting.

Article 2—To choose a Town Clerk for the ensuing year.

Article 3—To act upon the report of the Municipal officers of the town of Warren.

Article 4—To choose Selectmen, Assessors, Overseers of Poor, Treasurer, Town Agent and School Committee for the ensuing year.

Article 5—To choose one or more Road Commissioners or take any action relating to the same.

Article 6—To see if the town will decide on a compensation for the Tax Collector for the ensuing year or take any action relating to the same.

Article 7—To choose a Tax Collector, Fish Agent and all other necessary town officers for the ensuing year.

Article 8—To see what sum of money the town will raise for the support of Roads and Bridges or take any action relating to the same.

Article 9—To see what sum of money the town will raise for Cement Sidewalks or take any action relating to the same.

Article 10—To see what sum of money the town will raise for Sidewalks or take any action relating to the same.

Article 11—To see if the town will raise sufficient money to enable the town to State Aid for Highways.

Article 12—To see what sum of money the town will raise to build State Aid Highways or take any action relating to the same.

Article 13—To see if the town will raise the sum of \$390.00 for Patrolling the State Highway from Waldoboro line to So. Warren Bridge or take any action relating to the same.

Article 14—To see if the town will raise the sum of \$350.00 for Maintaining the Third Class Highway or take any action relating to the same.

Article 15—To see if the town will raise a sum equal to that raised for street lights and hydrants to be used in graveling the roads in the outlying districts of the town or take any action relating to the same.

Article 16—To see what sum of money the town will raise for the purchase of Iron Culverts or take any action relating to the same.

Article 17—To see what sum of money the town will raise for the support of poor the ensuing year or take any action relating to the same.

Article 18—To see what sum of money the town will raise to pay snow bills the ensuing year or take any action relating to the same.

Article 19—To see what sum of money the town will raise to pay miscellaneous expenses the ensuing year or take any action relating to the same.

Article 20—To see what sum of money the town will raise for officers salaries the ensuing year or take any action relating to the same.

Article 21—To see if the town will raise and appropriate the sum of Two Thousand six hundred dollars (\$2600.00) to buy a Fordson Tractor with Wehr One Man Power Grader and Sargent Snow Plow Outfit or take any action relating to the same.

Article 22—To see if the town will raise and appropriate the sum of Two Thousand one hundred dollars (\$2100.00) to buy a Fordson Tractor with

Wehr One Man Power Grader or take any action relating to the same.

Article 23—To see if the town will vote to purchase the Traffic Beacon on the corner near the Garage the price of the same being \$290.00 or take any action relating to the same.

Article 24—To see what sum of money the town will raise for the support of common schools the ensuing year or take any action relating to the same.

Article 25—To see what sum of money the town will raise for textbooks and supplies for High and Common schools the ensuing year or take any action relating to the same.

Article 26—To see what sum of money the town will raise for repairs on school buildings the ensuing year or take any action relating to the same.

Article 27—To see what sum of money the town will raise for the High School the ensuing year or take any action relating to the same.

Article 28—To see what sum of money the town will raise for fuel for the High School the ensuing year or take any action relating to the same.

Article 29—To see if the town will vote to raise One Thousand Dollars or more for the Warren Free High School Building Fund or take any action relating to the same.

Article 30—To see if the town will authorize the Members of the School Committee and the Selectmen

to act as a committee to purchase, if a satisfactory price could be secured, the so-called Edward McCalum place, house and land, or land only, for a High School Building lot, the money to be taken from the High School Building Fund, or take any action relating to the same.

Article 31—To see if the town will vote to have an electric street light placed at the corner of the Camden road near the schoolhouse and what sum of money they will raise for that purpose, or take any action relating to the same.

Article 32—To see what sum of money the town will raise for electric street lights the ensuing year or take any action relating to the same.

Article 33—To see if the town will authorize the Selectmen to sell the surplus fish for a term of years or take any action relating to the same.

Article 34—To see if the town will authorize the fish agent to fish each day in the week except Sunday and Memorial Day or take any action relating to the same.

Article 35—To see if the town will authorize the Selectmen to rent 12 hydrants of the Warren Water Supply Co. for one or more years and what sum of money they will raise for that purpose, or take any action relating to the same.

Article 36—To see what sum of money the town will vote to grant and raise to be expended and used for advertising the resources, advantages and at-

tractions of the State of Maine, or take any action relating to the same.

Article 37—To see if the town will vote to raise the sum of \$100.00 for the Free Public Library the ensuing year or take any action relating to the same.

Article 38—To see if the town will vote to raise the sum of \$50.00 for E. A. Starrett Camp, S. of V. Auxiliary the ensuing year or take any action relating to the same.

Article 39—To see if the town will vote to raise the sum of \$100.00 for graveling the cross road which starts from Edwin Crawfords' thence to Union line; The farmers living on this road agreeing to furnish two days labor free, or take any action relating to the same.

Article 40—To see if the town will vote to raise the sum of \$100.00 for graveling the Back Road or take any action relating to the same.

Article 41—To see if the town will vote to have the stone wall on the A. D. Bisbee farm between the Wm. Mank house and the Camden road removed so as to prevent the snow from drifting and raise \$30.00 for that purpose or take any action relating to the same.

Article 42—To see if the town will vote to maintain a school in what is known as the Mt. Pleasant district or take any action relating to the same.

Article 43—To see what sum of money the town

will raise to pay outstanding notes the ensuing year or take any action relating to the same.

Article 44—To see what sum of money the town will raise to pay interest on town notes the ensuing year or take any action relating to the same.

Article 45—To see if the town will vote to authorize the Selectmen and Treasurer to hire money necessary for town expenses in anticipation of taxes or take any action relating to the same.

Article 46—To see whether or not the town will decide to apply interest and discount to the taxes for the ensuing year or take any action relating to the same.

Article 47—To see what action if any the town will take in regard to organizing a fire department, or take any action relating to the same.

Article 48—To see if the town will vote to accept and hold in trust the sum of \$100.00 from Carrie Carpenter, the same to be safely invested, the interest thereof or so much of the same as may be necessary to be used for the care and maintenance of the John Hisler Cemetery lot, or take any action relating to the same.

Article 49—To see if the town will vote to accept and hold in trust the sum of \$100.00 from the Henry W. Smith Estate, the same to be safely invested, the interest thereof or so much of the same as may be necessary to be used for the care and maintenance of the Seth Andrews and Henry Smith Cemetery lot, or take any action relating to the same.

Article 50—To see if the town will vote to accept and hold in trust the sum of \$100.00 from the Carrie A. Vaughn Estate the same to be safely invested, the interest thereof or so much of the same as may be necessary to be used for the care and maintenance of the family burial lot or take any action relating to the same.

Article 51—To see if the town will vote to raise the sum of \$100.00 to be expended under the direction of the Selectmen in graveling the road from the So. Warren Grange Hall to the Cushing line or take any action relating to the same.

Article 52—To see if the town will vote to raise the sum of \$200.00 for graveling the road from the State Highway near the residence of W. E. Hahn to Warren Station, thence to the State Highway near the school house or take any action relating to the same.

Article 53—To see if the town will vote to raise the sum of \$100.00 to be paid to the Knox Academy of Arts and Sciences for upkeep and development of the Arboretum and Museum located within the limits of the town or take any action relating to the same.

Article 54—To see if the town will vote to have standard time used in the schools and for all town business the ensuing year or take any action relating to the same.

Article 55—To see if the town will authorize the Selectmen to sell the Cheese Factory building

(111)

either with or without the land or take any action relating to the same.

Article 56—To see if the town will vote to buy land for a play ground for the so called Malcolm Corner school, move the building from its present location or take any action relating to the same.

The Selectmen give notice that they will be in session for the purpose of revising and correcting the list of voters at their office in the town house at nine o'clock in the forenoon on the day of said meeting.

Given under our hands at Warren this 21st day of February, A. D., 1927.

School Department

SCHOOL OFFICIALS

Members of the School Committee

Mrs. Helen P. W. Wentworth, Chairman, term expires in March 1928.

Willis A. Moody, term would have expired in March 1929.

Edward C. Cutting, term expires in March 1930.

Frank D. Rowe, Secretary and Superintendent of Schools.

Regular meeting of the committee are held on the Thursday preceeding the last Saturday of each month. School bills should be in the hands of the Superintendent by Thursday if a check is desired the last Saturday of the month.

Truant Officer

William H. Robinson

Calendar for Grade and Rural Schools

Spring term begins March 19 and closes June 8, 1928.

Fall term begins September 4 and closes December 14, 1928.

Winter term begins December 31, 1928 and closes February 15, 1929.

The High School calendar will be the same as above except that the winter term will close March 1, 1929.

School Holidays

Patriot's Day, April 19; Memorial Day, May 30; November 12, Armistice Day coming on Sunday; Thanksgiving Day and Friday following.

Report of Superintendent of Schools.

To the Superintending School Committee and Citizens of Warren:

I have the honor of presenting for your consideration my eleventh report of the schools of Warren. The past year schools have been well up to their usual standard. In the Grammar, Intermediate, and Malcolm Corner schools we have been fortunate in retaining for still another year the services of Mrs. Mathews, Mrs. Newbert and Mrs. Davis, whose superior work is known and appreciated. Miss Castner and Miss Jennie Starrett, who have been teaching respectively at Hinckley Corner and Pleasantville since September, have both had several years of experience and are doing excellent work. Miss Helen Starrett and Miss Inez Ripley, who are teaching at Oyster River and Libby schools respectively, are doing unusually good work for inexperienced teachers.

High School

The town is fortunate indeed to have in its High School for a second year the services of two such ef-

ficient teachers as Principal Froberger and Miss Norwood have proven themselves to be. I feel that few two-teacher schools in the state are doing the excellent work that is being attained this year at our High School.

Teacher Changes

There have been about the usual number of changes in the teaching force the past year. Miss Jameson, who resigned in June as teacher at Hinckley Corner school was succeeded by Mrs. Smith. Miss Wyllie, who the past two years has been teaching at Libby school, was succeeded by Miss Helen Starrett. Parker Spear, who the past year taught at Pleasantville, was succeeded by Miss Jennie Starrett. At the close of the third week of the fall term, Mrs. Smith was obliged to resign. Her resignation caused several changes to be made. Miss Castner, who has been teaching for several years at Oyster River was transferred to the Hinckley Corner School, and Miss Helen Starrett from Libby to Oyster River school. Miss Inez Ripley of Union, a graduate of Castine Normal school, was secured for Libby school.

What Warren Teachers Are Saying

"As I look upon my thirty youngsters, I see in them not just feet to keep in line, heads to be crammed with facts, with a pay check at the end of the month, but rather thirty possibilities, thirty challenges. Every one of them has something in him that makes him different from every one else in the world. I want to help each of my children find that some-

thing! Helping youngsters to find themselves is a responsibility—a big one.”

“I thank you for lending me your little child to-day. All the years of love and care and training which you have given him have stood him in good stead in his work and in his play. I send him home to you tonight, I hope a little stronger, a little taller, a little freer, a little nearer his goal. Lend him to me again tomorrow, I pray you. In my care of him I shall show my gratitude.”

Teachers' Meetings

Teachers' meetings have not been as many as in some years but those held have been unusually interesting. October 4th Miss Hazel K. Forbes, a Geography Specialist, and Mr. Robert L. Ross, who were giving addresses in several of the larger towns of the county, spoke to the Warren teachers. Both of these speakers are representatives of Ginn & Company of Boston. October 15th Principal William D. Hall and Miss Mary Bills, Director of Teacher Training, of Castine Normal School spoke at Union to the teachers of both towns. The expenses of the Castine speakers were paid by the State Department of Education. Except the October 4th meeting, which had to be held Tuesday at 3.30 in order to secure the speakers, all meetings have been held Saturdays. The willingness of the teachers to attend these meetings and their interest in them is one more manifestation of their finest of cooperation and loyalty.

The Transportation Bus

At the last town meeting Citizens decided that one truck should not be used for the two transportation routes, Anderson-Sterling and South Warren, as had been done for several years, a plan that is being used in several towns in the state. The committee was glad to have this matter decided as they had felt that Citizens did not wish to go to the extra expense of having two trucks. Soon after town meeting the committee met and it was arranged with Mr. Frank Teague that he would use two automobiles on the routes. Soon after this, however, Mr. Teague died and our schools lost a most loved and respected friend and one whom we shall never forget.

April 18th Mr. R. J. Libby, State Agent for Rural Education came to Warren and met the committee. As a result Mr. Arthur Perry was secured to transport for the remainder of the spring term using a seven passenger touring car. This was not satisfactory to some of the parents as some of the children had to wait while others were taken to Wiley road. April 26th Dr. A. O. Thomas, State Commissioner of Education and Mr. R. J. Libby, State Agent for Rural Education, came to Warren and met the parents concerned. The matter was again discussed and it was decided that Mr. Perry should continue to transport for the remainder of the term using his seven passenger car, but in the fall a truck should be put on the route. July 19th as the matter had not been settled Mr. Libby again came to Warren and said that the State Department of Education would give

the town a horse-drawn Prison made wagon with a heater if this would solve the problem. It was found that Mr. L. D. Gammon would transport using this wagon for \$25.00 a week. This conveyance was not satisfactory to some of the parents and September 3d the committee asked the parents concerned to meet with them and discuss the matter. Two families each having three children moved along this route just before schools opened in the fall making twenty children who might attend Sterling school if it were reopened. Most of the parents concerned, however, did not wish to have the school opened and some of the parents stated that if it should be opened they should send their children to the village schools. Nearly all did not feel satisfied to have the horse-drawn wagon and Mr. Gammon did not wish to consider driving a truck. Dr. Thomas was once more consulted and instead of giving the town the horse-drawn wagon the town would be given \$500.00 this year and \$150.00 next year toward a Ford bus if the problem could be solved in this way. The Ford chassis cost \$412.00, and the body \$250.00, and the Warford Gear \$120.00, a total cost of \$782.00 and of this amount \$650.00 has been or will be paid by the state, making the cost to the town \$132.00.

Before the truck was purchased Mr. Perry was paid \$35. a week for transporting with his car, using the town truck he is paid \$30.00, furnishes gasoline and oil and keeps the bus in repair.

\$1,370.00 Saved By Transportation

Eight schools have been closed during the last ten years. Had six of these schools been maintained by the town the past year, the increased cost would have been this amount. Estimating that it costs \$17.00 a week to maintain a rural school; \$15.00 a week for a teacher, \$1.00 a week for fuel, \$.50 for Janitor work, and \$.50 for repairs, the saving at each of the six schools would be as follows:

Transp. cost week	Saved week	Saved in 34 Wks.	
From So. Warren	\$15.00	\$2.00	\$78.00
From Stone	7.00	10.00	340.00
From Highland	12.00	5.00	170.00
From Starrett	10.00	7.00	238.00
From Vaughan Neck	7.00	10.00	340.00
From Mt. Pleasant	11.00	6.00	110.00

\$1370.00

The expense of transporting the pupils of the other two schools, Anderson and Sterling, including the cost of transporting the pupils from the Depot road, is about \$38.00 a week. As previously stated most of the parents of these schools preferred to have their children transported. Considerable repair work would have been necessary at the Sterling building had that school been reopened which might have brought the expense above the transportation cost.

Repairs

A much needed fence has been built along the front of the Malcolm Corner school-yard to prevent children from running into the road. Five new movable desks have also been bought for this school, which at the opening of the fall term had forty pupils. A fine new heater has been purchased for the assistant's room at the high school and the old stove taken from that room for the coat room at the Grammar school. The desks at the High, Grammar, and Oyster River schools have been refinished. The floors of all buildings have been oiled, all school-rooms have been cleaned, and the usual minor repairs made. The repairs needed the coming year will be largely inside work.

In addition to the above repairs a new furnace has been installed at the High school and the High and Grammar rooms have been painted at an expense of over \$400.00, which was paid from the Academy Fund.

The town is fortunate to have for another year Mr. George Teague to do this repair work and continue his services as janitor at the High school building. His interest and care needs only to be known to be appreciated.

Speaking Contests

In connection with Education Week activities, speaking contests were held at each of the grade and rural schools. Four speakers from each school, twenty-eight speakers in all, were chosen to compete in a contest held at Glover's Hall, Friday evening of

the following week. At this contest three upper grade and three lower grade speakers were chosen to compete with an equal number of speakers who were to be chosen from the grade pupils of Union. The W. H. S. speakers had been previously selected to meet three speakers that were to be chosen from U. H. S. The final contest with the pupils of Union was held at Glover Hall Wednesday evening, November 23d. The following Warren pupils spoke at this contest: Katherine Peabody, Ernest Robinson, and Harland Spear of the lower grades; Beatrice Haskell, Edith French, and Lucy Grotton of the higher grades; and Beulah Starrett, Robert Robinson, and Robert Connell of the High school. The prizes were about equally divided between the two towns. Katherine Peabody received the second prize for the lower grades; Beatrice Haskell and Edith French, both first and second for the upper grades; and Robert Connell, the second prize for the high school.

The interest in these contests on the part of the teachers, pupils, and citizens surpassed every expectation. There were more than fifty visitors at several of the schools to hear the preliminary contests, and Glover Hall was filled to capacity at both contests held there. The judges of the final contest Supt. E. L. Toner of Rockland, Mr. John M. Richardson of the Courier Gazette, and Supt. Russell Greenwood of Waldoboro, most highly complimented the speakers and the interest that has been shown in the contests.

Parent-Teacher Associations

Many towns in the state now have a Parent-Teacher Associations and they are doing most helpful work in improving schools. Let us hope that Warren may before long have such an association.

Citizens Ever United

During the twenty years that your Superintendent has been associated with the citizens of Warren, ever have they been united on every school undertaking, never have they been divided. Because of this fact and because of the finest cooperation on the part of citizens the work as high school principal and as Superintendent has been a pleasure and a privilege.

Every citizen in Warren has the good of the town at heart. Every citizen is interested in these Warren girls and boys, who will soon be carrying on the affairs of this town, and they will be playing their parts well. Every citizen desires the best schools and the best school-buildings that they feel the town can afford. In these respects citizens are united, but citizens seem to be divided as to their opinions as to whether the present high school building should be remodeled or a new one built. The building must be used for a generation or more and should not only meet the needs now but fifty years from now. The present building was erected in 1876. The past generation made many sacrifices in the cause of education and built numerous school-buildings, and the present generation has the same spirit of sacrifice and will take only such action as will always be pointed to with pride. Whatever

action is taken in this matter the action should be united action.

Conclusion

Altho the attitude of a few citizens at the last town meeting was disheartening, I cannot close this report without expressing my sincere appreciation of the most unusual support and cooperation that has been shown in all school activities the past year by citizens, teachers and pupils. The reaction to that meeting and the response of citizens can never be forgotten.

Respectfully submitted,

FRANK D. ROWE, Supt.

Interesting Facts

225 pupils in all schools at the opening of the fall term, 11 more than last year.

194 average attendance for the fall term, 2 more than last year.

123 pupils were not absent at any session for one term at least during the year.

374 instances of tardiness this year, 118 less than a year ago and 276 less than two years ago.

Libby school had no instance of tardiness during the fall term, Pleasantville school had but one instance of tardiness for the fall, Intermediate and Malcolm Corner schools had each a term in which there was but two instances of tardiness.

During the year 527 citizens visited schools.

The schools having the highest percentage of at-

tendance for the fall term based on the average attendance were High 92.6, Grammar 92.4, and Oyster River 90.5.

MUSIC TEACHER'S REPORT

To the Superintendent, School Board and Citizens of the town of Warren:

The course in Music in your public schools has now reached a crisis where you must indeed be convinced that it is a necessary part of your child's education.

It would give great pleasure if the citizens would visit the schools and observe the regular work done in music.

Especially interesting is the work of the Grammar and Intermediate grades, after the long hard drill in note reading and voice building done so patiently by the primary teachers.

The Intermediate school has been singing two and three part music all the year and the Grammar school children are now able to sing songs arranged for four part mixed voices, as we have at present some very fine basses in that school.

I wish to thank the parents and other citizens who have no children in school for responding so cordially to my demand for new books.

The music book fund is entirely in the hands of private individuals and has been so supported for three years.

Respectfully submitted,

NETTIE S. VINAL,

Supervisor of Music.

REPORT OF HIGH SCHOOL PRINCIPAL

To the Superintendent, School Board and Citizens of the Town of Warren:

As Principal of Warren High, I appreciate the privilege of submitting to you the following report;

Registration

The High School opened on the sixth of September with an enrollment of forty-one pupils, seventeen boys and twenty-five girls. Because of a smaller entering class, the total number of pupils in the school is somewhat less than last year. However, it was very encouraging to see practically all of the upper classmen return, only two failing to do so.

Attendance

In the matter of attendance, I feel that the school has made noticeable progress. Therefore I would like to call your special attention to these facts. Only one pupil has left school since the beginning of the term. Out of a total enrollment of forty-two, the average attendance for the fall term was 38.9. Last year, considering fifty-one pupils, it was 46.4 for the same period. This will readily be seen to represent a gain of 4.6 points. Again, for the same period last year, only two pupils were neither absent nor tardy, while there were sixteen with that record this year. I believe that all will agree that these facts clearly indicate the earnestness of the student body.

Scholarship

The average grade of work has been satisfactory, maintaining the high scholastic standard of the school. A new course, "Citizenship,"—which teaches one his duties to himself, his neighbor, his community and to his country—,was introduced this fall. This is being offered to the two lower classes. The wisdom of this change has been demonstrated by the response of those taking it.

Music

Even the fine progress of last year has been greatly exceeded in the study of music. This is due not only to the very capable instruction given by Mrs. Vinal, but also in the remarkable ability of making the study so interesting that it has become popular with the students.

Activities

During the fall term, a speaking contest was held with Union High at Warren. Those who represented the school, were chosen at a public prize-speaking contest held at Glover Hall prior to the Union contest. The interest and abilities shown indicate great possibilities for the next year.

A series of baseball games with Union High was played during the first three weeks of the term. The brand of baseball played by our team will develop in the spring so as to exceed all expectations. A rather ambitious schedule will be drafted for the spring. It is hoped that by means of a combined vaudeville and minstrel show to be held in February,

enough money will be obtained to purchase some much needed equipment for the team.

Unfortunately the school is not represented by a basket-ball team this winter, due to the lack of suitable playing quarters.

At the close of the fall term an enjoyable Christmas party was held. The kind of good fellowship which prevailed, made it an unqualified success.

The Seniors staged the annual play on January the 27th, under the direction of Miss Norwood. The generous patronage and cooperation of the townspeople was much appreciated.

General

It was very gratifying to have so many of the parents and friends of the school visit us this year. Such visits tend to give the much-needed contact between teacher, parents and pupils. It is hoped that this fine interest continues throughout the year.

The fine new heater which has been placed in the assistant's room is greatly appreciated by all. It has made that room much more comfortable than formerly.

A new halyard has been placed on the flag-pole of the school, and a new flag has been purchased for it. Contributions from the scholars of the High school and Mrs. Mathews' school, obtained the flag. The High school boys did the rather difficult task of putting up the halyard on the pole. In my opinion, this act is a remarkable example of the loyalty and cooperation, besides ability, of the student body.

It has been both a pleasure and a privilege to again have Miss Christine Norwood as assistant. She is a very loyal, conscientious and capable teacher. Whatever success the school has attained this year, should be credited to her in a large measure.

Both members of the faculty wish to express their gratitude to the Superintendent for his many helpful suggestions, his kindness and courtesy to them.

In conclusion, I wish to express my sincere appreciation to the Superintendent, School Committee, Parents and Pupils for their kindness and cooperation during the present school year.

Respectfully submitted,

GEO. J. FROBERGER,
Principal.

Town Warrant

To Oscar E. Starrett, a constable of the town of Warren in the County of Knox:—

GREETING—

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the said town of Warren qualified by law to vote in town affairs, to assemble at the town house in said town on Monday, the fifth day of March, 1928, at ten o'clock in the forenoon to act on the following articles to wit:—

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To act upon the report of the Municipal Officers of the town of Warren.

Article 4. To choose Selectmen, Assessors, Overseers of Poor, Treasurer, Town Agent and School Committee for the ensuing year.

Article 5. To choose one or more Road Commissioners or take any action relating to the same.

Article 6. To see if the town will decide on a compensation for the Tax Collector the ensuing year or take any action relating to the same.

Article 7. To choose a Tax Collector, Fish Agent and all other necessary town officers for the ensuing year.

Article 8. To see what sum of money the town will raise for the support of roads and bridges the ensuing year or take any action relating to the same.

Article 9. To see what sum of money the town will raise for Cement Sidewalks or take any action relating to the same.

Article 10. To see what sum of money the town will raise for sidewalks or take any action relating to the same.

Article 11. To see if the town will raise sufficient money to enable the town to State Aid for highways.

Article 12. To see what sum of money the town will raise to build State Aid Highways or take any action relating to the same.

Article 13. To see if the town will raise the sum of \$390.00 for Patrolling the State highway from Waldo-boro line to So. Warren Bridge or take any action relating to the same.

Article 14. To see if the town will raise a sum equal to that raised for street lights and hydrants to be used in graveling the roads in the outlying districts of the town or take any action relating to the same.

Article 15. To see if the town will raise the sum of \$400.00 for Maintaining the Third Class Road or take any action relating to the same.

Article 16. To see what sum of money the town will raise for maintaining the special resolve expenditures, and for cutting bushes on improved sections of State, State Aid and Third Class highways.

Article 17. To see what sum of money the town will raise for the purchase of Iron Culverts or take any action relating to the same.

Article 18. To see what sum of money the town will raise for the support of poor the ensuing year or take any action relating to the same.

Article 19. To see what sum of money the town will raise to pay snow bills the ensuing year or take any action relating to the same.

Article 20. To see what sum of money the town will raise to pay miscellaneous expenses the ensuing year or take any action relating to the same.

Article 21. To see what sum of money the town will raise for Officers' Salaries the ensuing year or take any action relating to the same.

150

Article 22. To see if the town will raise the sum of \$200.00 to be expended on the road from the State Aid Highway to Fairview Cemetery or take any action relating to the same.

Article 23. To see if the town will vote to purchase a tractor and snow plow and what sum of money they will raise for that purpose or take any action relating to the same.

Article 24. To see if the town will vote to purchase the Traffic Bureau at Hanly's Corner, the price of the same being \$290.00 or take any action relating to the same.

Article 25. To see what sum of money the town will raise for the support of common schools the ensuing year or take any action relating to the same.

Article 26. To see what sum of money the town will raise for text books and supplies for High and Common schools the ensuing year or take any action relating to the same.

Article 27. To see what sum of money the town will raise for repairs on school buildings the ensuing year or take any action relating to the same.

Article 28. To see what sum of money the town will raise for the High school the ensuing year or take any action relating to the same.

7150
19140

Article 29. To see what sum of money the town will raise for fuel for the High school the ensuing year or take any action relating to the same.

Article 30. To see if the town will vote to raise \$1000.00 for the Warren Free High School Building Fund or take any action relating to the same.

Article 31. To see what sum of money the town will raise for electric street lights the ensuing year or take any action relating to the same.

Article 32. To see if the town will authorize the Selectmen to rent 12 hydrants of the Warren Water Supply Co. for one or more years and what sum of money they will raise for that purpose or take any action relating to the same.

Article 33. To see what sum of money the town will vote to grant and raise to be expended and used for advertising the resources, advantages and attractions of the State of Maine or take any action relating to the same.

Article 34. To see if the town will vote to raise the sum of \$100.00 for the Free Public Library the ensuing year or take any action relating to the same.

Article 35. To see if the town will vote to raise the sum of \$50.00 for E. A. Starrett Camp, S. of V. Auxiliary the ensuing year or take any action relating to the same.

24027.10

(107)

Article 36. To see if the town will raise the sum of \$300.00 to be expended on the lots and righting and cleaning the stones in the Town Cemetery near the Soldiers' Monument or take any action relating to the same.

Article 37. To see what sum of money the town will raise to pay outstanding notes the ensuing year or take any action relating to the same.

Article 38. To see what sum of money the town will raise to pay interest on town notes the ensuing year or take any action relating to the same.

Article 39. To see if the town will vote to authorize the Selectmen and Treasurer to hire money necessary for town expenses in anticipation of taxes or take any action relating to the same.

Article 40. To see if the town will vote to raise the sum of \$100.00 to be expended under the direction of the Selectmen in graveling the road from the So. Warren Grange Hall to the Cushing line; the Manager of the State Farm to appropriate \$300.00 in labor or take any action relating to the same.

Article 41. To see if the town will authorize the Selectmen to sell the surplus fish for a term of years or take any action relating to the same.

Article 42. To see if the town will authorize the Fish Agent to fish each day in the week except Sunday and Memorial Day or take any action relating to the same.

Article 43. To see if the town will vote to accept the list of jurors as prepared by the Selectmen, Treasurer and Clerk or take any action relating to the same.

Article 44. To see if the town will vote to raise the sum of \$35.00 to be expended on the Soldiers' Monument and Lot; grading, dressing, keeping the grass mowed and otherwise improving the appearance of the lot; or take any action relating to the same.

Article 45. To see if the town will vote to accept and hold in trust the sum of \$100.00 from the heirs of Benjamin Libby; the same to be safely invested, the interest thereon or as much of the same as may be necessary to be used for the perpetual care and maintenance of the family lot in the Cemetery near the Soldiers' Monument, or take any action relating to the same.

Article 46. To see if the town will vote to reopen what is known as Highland School or take any action relating to the same.

Article 47. To see if the town will vote to authorize the Selectmen to make settlement of the F. L. Stevens tax deeds and to release to the present owners of the real estate any interest the town may have in the same, by virtue of tax deeds or take any action relating to the same.

Article 48. To see if the town will vote to accept and hold in trust the sum of \$100.00 to be safely in-

vested or deposited and the income thereof to be used in the care and upkeep of the Cemetery Lot where the late B. Elsworth Spear lies buried or take any action relating to the same.

Article 49. To see if the town will vote to accept and hold in trust the sum of \$150.00 to be safely invested or deposited and the income thereof to be used in the care and upkeep of the Cemetery Lot in Warren where the late Melzar Payson lies buried or take any action relating to the same.

Article 50. To see if the town will vote to discontinue the road from the corner near F. L. Stevens' mill to the Alton Butler place or take any action relating to the same.

Article 51. To see if the town will vote to have a street light on Montgomery Hill near the residence of F. L. Payson and Mrs. Ralph Wiggin and what sum of money they will raise for that purpose or take any action relating to the same.

Article 52. To see if the town will vote to have a street light between the residence of Geo. Haskell and B. E. Watts and what sum of money they will raise for that purpose or take any action relating to the same.

Article 53. To see if the town will vote to exempt from taxation for a term of ten years any manufacturing establishment either individual or incorporated companies, provided the capital stock invested shall not be less than ten thousand dollars.

(110)

The Selectmen give notice that they will be in session for the purpose of revising and correcting the list of voters at their office in the town house at nine o'clock in the forenoon on the day of said meeting.

Given under our hands at Warren, this 18th day of February, A. D. 1928.

Selectmen's Report

In submitting our annual report your Selectmen would specially call the attention of the town to the law relative to the payment of damage done by dogs to domestic animals which reads as follows:

Chapter 223 Public Laws 1921

An Act to Amend Section One Hundred and Ten of Chapter Four of the Revised Statutes, Relating to Payment of Damages done by Dogs and Wild Animals to Domestic Animals.

Be it enacted by the People of the State of Maine, as follows:

Section one hundred and ten of chapter four of the revised statutes is hereby amended by inserting after the word "animals" in the second line of said section, the words 'poultry not included' so that the said section as amended shall read as follows:

'Sec. 110. Whenever any sheep, lambs, or other domestic animals, poultry not included, owned by a resident of this state are killed or injured by dogs or wild animals, such owner may make complaint thereof to the mayor of the city or to one of the municipal officers of the town or plantation where such damage was done, within seven days after he has knowledge of the same, and thereupon the municipal officers shall

investigate the complaint, and if satisfied that the said damage was committed by dogs or wild animals within the limits of their city, town or plantation, they shall estimate the damage thereof according to the full value for which they are kept, whether as breeders or for other purposes, and direct that the same with fifty per cent additional shall be paid from the town treasury. If the municipal officers and the owner of the sheep or domestic animals are unable to agree as to the amount of the damage which shall be paid, the amount shall be determined by three referees to be selected in manner following: one referee to be chosen by the municipal officers, one by the owner of the animals injured or killed, and the third by the two referees already selected. In case one party refuses or neglects to select a referee, the other party, after thirty days from the time the notice of the aforesaid damage was given or received, shall select two referees, and the two selected shall choose the third. The said referees shall submit a written report signed by a majority, within fifteen days from the date of their appointment, stating the amount to be paid by the town. The report of said referees shall be final and the expenses of the referee shall be divided equally between the owner of the animals and the town, city or plantation. Any town paying such damages caused by dogs may maintain an action on the case against the owner or keeper of such dogs to recover the amount paid, not exceeding the actual damage committed and fifty percent additional. Any person who keeps a dog that kills or injures sheep or lambs shall be fined not less than fifty, nor more than one

(5)

hundred dollars and costs, unless before the final disposition of the case, the said owner or keeper of the said dog produces satisfactory evidence that the dog has been killed.'

In effect July 9, 1921.

As it is necessary for the town to ascertain the owners of the dogs doing the damage and collect the same from them if possible in order to otherwise get reimbursement from the State, on Oct. 2 after consulting the Game Wadrens it was deemed advisable to appoint a special Constable to act with the Wardens for the purpose of ascertaining the owners of the dogs. W. A. Burgess was appointed and the work carried on for a month at the expense to the town of \$95.00 without success.

We would suggest that in the future every possible effort be taken by owners of dogs that this expense may be avoided.

Estimates for 1929

Roads and Bridges	\$4000 00
Cement Walk	300 00
Sidewalks	300 00

Raised by town	100 00
Overdrawn	1 43
	<hr/>
	\$101 43

In closing this report I will say that the east wall and middle pier of the Patterson bridge should be rebuilt the present year, otherwise the bridges are in good condition and will require very few repairs.

I would recommend that the town raise \$6000.00 for roads and bridges the ensuing year.

Respectfully submitted,

W. F. SIDENSPARKER,

Road Commissioner.

Report of Overseers of Poor

SUPPORT OF POOR

N. C. Kalloch

On October 28 it was necessary for us to have Mr. Niven C. Kalloch removed from his home and cared for which was done by Mrs. Flora Jones until December 29; since then he has been with Mrs. E. E. Thayer.

As the homestead premises were owned by Mrs. Kalloch who by will devised a life lease to her husband and the remainder over to her grandson and neice; they suggested conveying the property to the town to cover the expense the town is now incurring; the grandson, Roger A. Kalloch reserving the furniture and furnishings. We will say that the same has been done, the deed being properly executed and recorded.

SCHOOL OFFICIALS

Members of the School Committee

Mrs. Grace A. Wyllie, Chairman, term expires March 1929.

Edward C. Cutting, (Resigned), term would have expired March 1930.

Charles E. Starrett, term expires March 1931.

Truant Officer

William H. Robinson

Calendar for Grade and Rural Schools

Spring term begins March 25 and closes June 14, 1929.

Fall term begins Sept. 3 and closes December 13, 1929.

Winter term begins December 30, 1929 and closes February 14, 1930.

The High School calendar will be the same as above except that the winter term will close Feb. 28, 1930.

Report of Superintendent of Schools

To the Superintending School Committee and Citizens of Warren:—

I have the honor of presenting for your consideration my twelfth report of the schools of Warren. Schools have been taught the most efficiently the past year that they have ever been under my supervision. The work of the teachers is known and appreciated and cannot be too highly commended.

At the opening of the fall term parents were asked not to send children to enter the first grade in the village primary schools, unless they were six years of age at some time during the fall term. Altho several parents were planning to send children who were but five years of age, the finest of cooperation was shown by every parent concerned. The primary schools at Malcolm Corner and at Hinckley Corner have now become so large that the care and attention needed by five year old children make too great a demand upon a teacher's time that should be given to the older children.

Teachers' Meetings

The first teachers' meeting of the year was held at the home of the Superintendent the Saturday after schools opened in the fall. The second meeting was held at Union, September 22d, when Principal William D. Hall and Miss Mary Bills, Director of Teacher Training, of Castine Normal School spoke to the teachers of both Warren and Union. The third meeting was held at Warren, October 20th. The

speaker was Miss Lou Buker, Primary Supervisor, of Augusta who talked to the teachers of both towns. The expenses of these speakers were paid by the State Department of Education.

The Stanford Achievement Tests were given in June to all pupils of the 7th and 8th grades and the results as to the standing of our pupils were gratifying and encouraging.

Teacher Changes

The teacher changes have been fewer the past year than for some years, there being at the opening of the fall term but one change in grade and rural schools. This was at Libby school. Miss Ripley resigned to accept a position at Union, and was succeeded by Miss Bernice Heath of West Penobscot, a graduate of Castine Normal School.

High School

It was with sincere regret that the committee received the resignation of Principal Froberger and Miss Norwood, both of whom have taught the past two years with unusual success. Principal Froberger accepted the position of principal of the high school at Hallowell, and Miss Norwood returned to the University of Maine to complete her college course.

From an unusual number of promising candidates Walter Hayes of Brunswick, a graduate of Bowdoin College, who had successfully taught two years and was doing graduate work at Bates College, was

elected principal the latter part of June. Miss Adelaide Coombs of Bath, a Colby graduate was at this time elected assistant. Mr. Hayes found the teaching of so many subjects more difficult than he had anticipated and at the close of the sixth week of the fall term resigned.

Clarence Maddem, Jr., the present principal, was among the candidates considered at the time of the election in June. Principal Madden was very highly recommended by the State Department of Education and by his former superintendent under whom he had successfully taught for two years. His work and that of Miss Coombs is highly commendable.

Transportation

Several changes were made in transportation of pupils at the opening of the fall term. Arthur Perry who had been paid \$30.00 a week for transporting with the school bus from Anderson and Sterling was succeeded by Hollis Starrett, who has been paid \$25.00 a week, and the town has kept the bus in repair. It was thot that this would be cheaper for the town. This has not been the case, however, because of the fact that three new tires have had to be purchased, an expense that was not expected. The last of August Mrs. Hill moved to the place bought of Moses Hall, and Henry Ilves to the Joshua Starrett place, thus making seven extra children to transport in the bus. This number of pupils so crowded the school bus that Dana Smith was secured to transport the eight children from Wyllie road to his store. From there the

children not attending Malcolm Corner school, are transported to the village by the bus.

During the fall term Ernest L. Starrett transported the two pupils from Vaughan Neck and the four from the Middle Road. During the winter term two pupils have been boarded at the village, two have been transported by their parents, and two as the parents wished have remained at home. This latter arrangement was permitted, as one pupil was very young and was permitted to enter school only to aid him in learning our language; the other pupil was frail and the work could be easily done at home.

At East Warren, John Lane moved to the Douglas Bisbee place and his two children and Raymond Hart have been transported by Mrs. Mank to meet the Highland truck which is driven by Clifford Overlock.

During the fall term A. L. G. Hills transported a boy from the Hall place and his son. During the winter term he has transported his son only, the other pupil being out of town.

Speaking Contests

The week following Education Week speaking contests were held again this year, similar to those held a year ago. Contests were first held at each school to choose speakers to compete for prizes at a contest which were held at Glover Hall the evening of November 20th, when the following pupils spoke: Elvie Ruita and Doris Mank of Libby School; Virginia Wyllie and Lena Maki, of Oyster River; Sumner Leadbetter, Beatrice Merrifield and Frank Batchel-

der, of Pleasantville; George Robinson, Dorothy Simmons, Delmont Butler, and Marion Mitche'l, of Hinckley Corner; Catherine Maxcy, Roger Farris, Winona Robinson and Sammy Curtis, of Malcolm Corner; Ruth Watts, Katherine Starrett, Madolyn Harriman and Pauline Starrett, of Intermediate; Richard Bucklin, Beatrice Haskell, Marguerite Haskell and Elizabeth Moody, of Grammar; and Evelyn Grotton, Robert Robinson, Helen Anderson, Josef Vinal and Vera Partridge, of High School. As a result of this contest the following pupils were chosen to speak in the final contest at Union: from the lower grades, Katherine Starrett, Ruth Watts and Marion Mitchell; from the upper grades, Marguerite Haskell, Richard Bucklin and Pauline Starrett; from the High School, Josef Vinal, Evelyn Grotton and Robert Robinson.

At the final contest which was held at Town Hall, Union, the evening of November 24th, first prizes were won by Marion Mitchell and Marguerite Haskell, and Evelyn Grotton won second prize. Honorable mention was also given to Pauline Starrett and Josef Vinal.

The unusual interest in these contests on the part of citizens is shown in the fact that several schools had more than fifty visitors at their contests and Glover Hall was filled to capacity when the contest was held to choose the speakers to go to Union.

Repairs

The past year besides the cleaning and oiling of floors and the usual repairs, new heaters, like the one

that was installed last year in the assistant's room at the high school, have been installed at the Intermediate and Hinckley Corner Buildings. The foundation walls of several of the buildings need to be righted up and cemented. The North side of the Malcolm Corner building should be painted two coats and the rest of the building should have one coat of paint. Several of the buildings need to be papered and painted inside.

Interesting Facts

183 pupils in grades this fall. The same number last fall.

72 pupils to transport this fall. 14 more than last fall.

52 high school pupils this fall. 10 more than last fall.

317 tardy marks in grades. 57 less than last year.

153 average grade attendance. 12 more than last year.

125 tardy marks in high school. 52 more than last year.

41 average high school attendance. 3 more than last year.

147 in grades not absent for any session for the term. 50 more than last year.

46 in high school not absent for any session for term. 20 more than last year.

Grammar school had an average attendance last year of 94.7 percent, High School 93.6 and Hinckley Corner 87.

Pleasantville and Malcolm Corner schools had unusual tardiness records for the year, Pleasantville having but 6 instances for 19 pupils, and Malcolm Corner but 13 instances for 39 pupils.

Warren municipal tax rate for the past year .0425

Average municipal tax rate for the past year for State .04675.

Average municipal tax rate for the past year Knox County .047.

Warren school rate .0102.

Average school rate for State .01226.

Average School rate for Knox County .0109.

An outstanding fact is that the past year all schools had 758 visitors, which shows the unusual interest that is being taken in schools. This number is 321 more than a year ago.

Finances

All school accounts show a balance this year, but the balance of the Common School Account, which was cut nearly \$1000.00 a year ago when but \$4500.00 was appropriated, was still further reduced this year, when \$5000.00 was appropriated. In each of the years 1921, 1922, 1923, 1925 and 1926, an appropriation of \$5500.00 was made, and in 1926 there was an unexpended balance of \$1344.54. This balance for the past two years has been reduced to \$249.65. The Common school recommendation of \$5500.00 is the same amount as was appropriated in 1921, 1922, 1923, 1925 and 1926. .

All other recommendations are the same as were made a year ago.

Conclusion

In closing this report I wish to express my sincere appreciation to one and all who have helped me in any way to make the schools the success that they have been the past year. The unusual spirit of cooperation that has been shown on every hand the past year has made the work of the superintendent a pleasure and a privilege. I wish especially to thank the Members of the Committee for their help in solving the numerous problems that have been brought to their attention.

Respectfully submitted,

F. D. ROWE,
Superintendent.

Report of High School Principal

To the Superintendent, School Committee and Citizens of Warren:—

As principal of the Warren High School, I appreciate the privilege of submitting to you the following report:

The number of pupils enrolled this fall was fifty-two, twenty-seven boys and twenty-five girls. The fact that the entering class was large and the fact that nearly all upper-classmen returned filled the school to very near its capacity. The attendance for the fall term was especially good. Our percent-

age attendance was ninety-six, and fourteen pupils were present at every session.

The school which had reached such a high standing under past administrations is maintaining that same high standing this year. The "Honor Roll" system has been an aid in the improvement of ranks in general. The baseball eligibility rules, which we agreed to adopt this year, have given added incentive for high scholastic standing.

The enthusiasm of the students and the capable instruction of Mrs. Vinal have given us a chorus this year of which far larger schools might well be proud. I sincerely hope that this branch of school activity may be fostered more and more each year.

The Senior Class, ably assisted by the undergraduates, staged the play, "The Boy Friend". Strong in the conviction that there is a wealth of dramatic ability in the school we are working on a second production for a later date. In behalf of the Senior Class I wish to express my appreciation of the generous patronage and splendid cooperation of the townspeople.

The teachers welcome the opportunity to meet parents of their students and to have parents see that system, of which their children are a part, functioning. The paternal interest for the child's scholastic welfare helps to stimulate him to new activities, besides giving that contact between parent, pupil and teacher, which is so essential to complete success.

The school is fortunate to have this year such an able assistant teacher as Miss Coombs. She is

loyal, capable and conscientious, and has been very helpful to the school.

Miss Coombs joins me in expressing our appreciation to the superintendent for his suggestions, thoughtfulness and courtesy.

I wish to express my sincere appreciation to the Superintendent, School Committee, Parents and pupils, for their kindness and cooperation during the term just passed.

Respectfully submitted,

CLARENCE E. MADDEN Jr.

Principal.

Town Warrant

STATE OF MAINE

Knox ss.

To L. C. Peabody, a constable of the town of Warren in the County of Knox:—

GREETING:—

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the said town of Warren, qualified by law to vote in town affairs, to assemble at the town house in said town on Monday the fourth day of March, 1929 at ten o'clock in the forenoon to act on the following articles to wit:—

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To act upon the report of the Municipal Officers of the town of Warren.

(91)

Article 4. To choose Selectmen, Assessors, Overseers of Poor, Treasurer, Town Agent and School Committee for the ensuing year.

Article 5. To choose one or more Road Commissioners or take any action relating to the same.

Article 6. To choose a Tax Collector, Fish Agent, and all other necessary town officers for the ensuing year.

Article 7. To see if the town will decide on a compensation for the Tax Collector the ensuing year or take any action relating to the same.

Article 8. To see what sum of money the town will raise for the support of common schools the ensuing year or take any action relating to the same.

Article 9. To see what sum of money the town will raise for text books and supplies for High and Common Schools the ensuing year or take any action relating to the same.

Article 10. To see what sum of money the town will raise for repairs on school buildings the ensuing year or take any action relating to the same.

Article 11. To see what sum of money the town will raise for the High School the ensuing year or take any action relating to the same.

175 Article 12. To see what sum of money the town will raise for fuel for the High school the ensuing year or take any action relating to the same.

Article 13. To see if the town will vote to leave the opening and closing of schools with the committee or take any action relating to the same.

175 Article 14. To see if the town will vote to pay the Road Commissioner a salary the ensuing year and what sum of money they will raise for that purpose or take any action relating to the same.

180 Article 15. To see if the town will vote to raise \$1820.22 to pay the overdraft in the road account the past year or take any action relating to the same.

180 Article 16. To see what sum of money the town will raise for the support of roads and bridges the ensuing year or take any action relating to the same.

3 Article 17. To see what sum of money the town will raise for Cement Sidewalks or take any action relating to the same.

24 Article 18. To see what sum of money the town will vote to raise for sidewalks or take any action relating to the same.

Article 19. To see if the town will raise sufficient money to enable the town to State Aid for Highways.

(93)

Article 20. To see what sum of money the town will raise to build State Aid Highways or take any action relating to the same. 1065.

Article 21. To see if the town will raise \$390.00 for Patrolling the State Highway from Wal-doboro line to So. Warren bridge or take any action relating to the same. 345.

Article 22. To see if the town will raise a sum equal to that raised for street lights and hydrants to be used in graveling the roads in the outlying districts of the town or take any action relating to the same.

Article 23. To see if the town will raise the sum of \$800.00 for Maintaining the Third Class Road or take any action relating to the same. 170.

Article 24. To see what sum of money the town will raise for the purchase of Iron Culverts or take any action relating to the same. 100.

Article 25. To see what sum of money the town will raise for the Support of Poor the ensuing year or take any action relating to the same. 200.

Article 26. To see what sum of money the town will raise to pay snow bills the ensuing year or take any action relating to the same. 100.

Article 27. To see what sum of money the town will raise to pay miscellaneous expenses the ensuing year or take any action relating to the same.

Article 28. To see what sum of money the town will raise for Officers' Salaries the ensuing year or take any action relating to the same.

Article 29. To see if the town will raise the sum of \$200.00 to be expended on the road from the State Aid Highway to Fairview Cemetery or take any action relating to the same.

Article 30. To see if the town will raise the sum of \$100.00 to be expended under the direction of the Selectmen in graveling the road from the So. Warren Grange Hall to the Cushing line; the Manager of the State Farm to appropriate \$300.00 in labor or take any action relating to the same.

Article 31. To see if the town will raise the sum of \$500.00 for cutting bushes on the unimproved roads or take any action relating to the same.

Article 32. To see if the town will raise the sum of \$300.00 to repair the road from the corner near the residence of Geo. Libby to Union line or take any action relating to the same.

Article 33. To see if the town will raise the sum of \$150.00 to be expended on the road from White Oak Grange Hall to Union line or take any action relating to the same.

Article 34. To see if the town will vote to raise \$300.00 to repair the road from the corner near F. L. Stevens' mill to the Alton Butler place or discontinue said road or take any action relating to the same.

Article 35. To see if the town will vote to discontinue the Mt. Pleasant road from Mason Tolman's to the South Hope road, or take any action relating to the same.

Article 36. To see if the town will vote to purchase a Tractor and Road Machine and what sum of money they will raise for that purpose or take any action relating to the same.

Article 37. To see if the town will vote to take out a Workmen's Compensation Insurance and what sum of money they will raise for that purpose or take any action relating to the same.

Article 38. To see if the town will raise the sum of \$100.00 for the Free Public Library the ensuing year or take any action relating to the same.

Article 39. To see if the town will authorize the Selectmen to rent 12 Hydrants of the Warren Water Supply Co. for one or more years and what sum of money they will raise for that purpose or take any action relating to the same.

Article 40. To see what sum of money the town will raise for electric street lights the ensuing year or take any action relating to the same.

Article 41. To see if the town will vote to raise the sum of \$50.00 for E. A. Starrett Camp S. of V. Auxilliary the ensuing year or take any action relating to the sme.

Article 42. To see what sum of money the town will vote to grant and raise to be expended and used for advertising the resources, advantages and attractions of the State of Maine or take any action relating to the same.

Article 43. To see if the town will vote to raise \$160.00 to match State Department of Health funds for the support of county public health nursing to continue work with mothers and children, which is now being carried on by the State Department of Health or take any action relating to the same.

Article 44. To see if the town will raise the sum of \$200.00 to be expended on the lots and righting and cleaning the stones in the Town Cemetery near the Soldiers' Monument or take any action relating to the same.

Article 45. To see if the town will raise the sum of \$35.00 to be expended on the Soldiers' Monument and lot; dressing, keeping the grass mowed and otherwise improving the appearance of the lot; or take any action relating to the same.

Article 46. To see what sum of money the town will raise to pay outstanding notes the ensuing year or take any action relating to the same.

Article 47. To see what sum of money the town will raise to pay interest on town notes the ensuing year or take any action relating to the same. 439

Article 48. To see if the town will vote to authorize the Selectmen and Treasurer to hire money necessary for town expenses in anticipation of taxes or take any action relating to the same.

Article 49. To see if the town will vote to reopen what is known as the Anderson school or take any action relating to the same.

Article 50. To see if the town will authorize the Selectmen to sell the surplus fish for a term of years or take any action relating to the same.

Article 51. To see if the town will vote to accept and hold in trust the sum of \$100.00 to be safely invested as the Mrs. Aline Robbins Williams Cemetery Fund; the income thereof or so much of the same as may be necessary, to be used for the perpetual care and maintenance of the cemetery lot where Eliza Kalloch lies buried or take any action relating to the same.

Article 52. To see if the town will vote to accept and hold in trust the sum of \$200.00 from Mrs. Eva Buxton Turner to be safely invested, the income thereof or as much of the same as may be necessary to be used for the perpetual care and maintenance of

the Clifford Buxton and Dr. Benjamin F. Buxton cemetery lots or take any action relating to the same.

Article 53. To see if the town will vote to accept and hold in trust the sum of \$200.00 from Miss Sarah Hilt the same to be safely invested, the income thereof to be used for the perpetual care and maintenance of the N. E. Hilt and Lemuel Counce Cemetery Lots; it being further designated that any income not required for that purpose shall be used for the maintenance of the paths surrounding the lots, or take any action relating to the same.

Article 54. To see if the town will vote to accept and hold in trust the sum of \$100.00 from Mrs. F. M. Oliver the same to be safely invested, the income thereof or as much as may be necessary, to be used for the perpetual care and maintenance of the Cemetery lot where the late Elmus Oliver lies buried, or take any action relating to the same.

Article 55. To see if the town will vote to accept and hold in trust the sum of \$100.00 the same to be safely invested the income thereof or as much as may be necessary to be used for the perpetual care and maintenance of the Warren Benner Cemetery Lot at No. Warren or take any action relating to the same.

Article 56. To see if the town will vote to accept and hold in trust the sum of \$100.00 the same to be safely invested, the income thereof or as much as

may be necessary to be used for the perpetual care and maintenance of the Cyrus Eaton Cemetery Lot or take any action relating to the same.

Article 57. To see if the town will vote to raise the sum of \$150.00 to be expended in graveling the Middle road from the corner near L. D. Gammon's to Union line or take any action relating to the same.

Article 58. To see if the town will vote to raise the sum of \$400.00 to be expended in graveling the road from the State Highway past the Stone School house to Waldoboro line or take any action relating to the same.

Article 59. To see if the town will vote that in the future the purchasing of all lumber for bridges and sidewalks shall be done by the Selectmen or take any action relating to the same.

Article 60. To see if the town will vote to accept and hold in trust the sum of \$100.00 from the estate of Mrs. Harriet Cunningham, the same to be safely invested, the income thereof or as much as may be necessary to be used for the perpetual care and maintenance of the Elias Davis Cemetery Lot, or take any action relating to the same.

Article 61. To see if the town will vote to re-open what is known as the Starrett school or take any action relating to the same.

Article 62. To see if the town will vote to raise the sum of \$100.00 to paint the Engine House or take any action relating to the same.

Article 63. To see if the town will vote to accept and hold in trust a sum of money to be safely invested, the income thereof to be used in the care and upkeep of the Cemetery Lot where the late Austin Keating lies buried, or take any action relating to the same.

Article 64. To see if the town will vote to accept and hold in trust a sum of money the same to be safely invested, the income thereof to be used in the care and upkeep of the Cemetery Lot where the late Sophia Mathews lies buried, or take any action relating to the same.

Article 65. To see if the town will vote to transport high school pupils or take any action relating to the same.

The Selectmen give notice that they will be in session for the purpose of revising and correcting the list of voters at their office in the town house at nine o'clock in the forenoon on the day of said meeting.

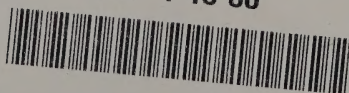

Given under our hands at Warren, this 19th day of February, A. D. 1929.

A. M. HILT,
C. C. STARRETT,
C. M. SPEAR,

Selectmen of Warren.
